## Extracurriculars

### Stuyflow

2014 - Present

#### Performer

StuyFlow is a performance club revolving around poi, a performing art. I took part in multiple school performances, and taught new members.

### Stuyvesant Computer Science Dojo

2015 - Present

#### Senpai (Teacher + Second in Command)

The CS Dojo is a place at Stuyvesant where students can come to learn Computer Science and do work, completely student run.

### Stuyvesant Library

2014 - Present

#### Student Librarian

I work as Student Librarian in my school's library, which involves running printers, checking out books and textbooks, shelving books, and managing fines.

### Stuyvesant Student Union

2016 - Present

#### Web Developer

I created websites for my school's Student Union, including sites for the Freshman Caucus and the Sophomore Caucus.

### SING!

Feb. 2016 - May 2016

#### Performer

SING! Is the major student run performance of the year, where the grades compete against each other; I performed for Flow in my junior year.

### Stuyvesant Speech and Debate

2013 - 2015

#### Junior Varsity Public Forums Debater

I debated for 2 years against many different debaters from schools in NY.

### Stuyvesant Robotics

2014 - 2015

#### Engineer for FTC Division

I helped to build the robot that the FTC division used to compete in the FIRST Robotics Competition in 2015.

## Community Service

Narayangonj District Association of North America Inc.

2013 - Present

Volunteer

NDANA is an organization that focuses on building a community of Bengali-Americans here in the U.S. I helped to organize multiple community events in order to cultivate the Bengali community here in New York.

Harlem Grown

2014 - 2015

Volunteer

I was a volunteer at Harlem Grown, a community garden promoting the environment while helping the youth of Harlem and the needy. I volunteered as a gardener, maintaining the garden and the greenhouse with other volunteers.

## Work / Internships

RQM Tutorial

Nov. 2016 - Present

Instructor

I teach underprivileged students who don't have the proper resources to handle the Common Core curriculum.
